

The Bluebird

A Quest for happiness by Tell Tale Hearts

Available for booking from early June 2022

Our Bluebird is taking flight, subject to ACE project funding, in summer 2022. Inspired by Maeterlinck's Bluebird, this show raises important philosophical questions for children & adults within a compelling, interactive quest adventure. What is the bluebird exactly and where could it be hiding? In the Land of Memory, the Future, the Land of Luxury or of Night? The audience need to discover their own answers helped by some theatrical magic. Suitable for families & children aged 6 years + and perfect to support children's mental health awareness in the wake of the pandemic.
