## A Delicious Treat of a Show...

***"A vibrant, participatory treat for anyone with younger children"***

Susan Darlington - Morning Star Online

A celebration of dinner time seen through children's eyes using dance, live music, colourful design and some amusing table manners! A highly imaginative production where tables can dance; plates spin and the children have a chance to make their own pudding towers!

***"We loved the dancing table best!"***

***Great show, thank you!"*** Parent - The Civic, Barnsley

Seating the audience around the dinner table; enjoy an energetic and fun dance show where spoons & forks are interwoven into beautifully choreographed and quirky meal time rituals. Performances are followed by a short play activity for audiences, where the children get their own utensils to play with!

**WARNING: Food is not served as part of the performance. This show will seriously whet your appetite! You may want to bring a snack for hungry mites after the show?**

***"Brilliant show! The children thoroughly enjoyed it and so did I. The children are already asking to do it again."***
